

SALT ELECTROLYZER / **TEBAS**

- Digital display and LED indicators
- Self - cleaning
- Chlorine regulation
- Water flow sensor
- Low/high salt level indicators
- High & low temperature protection (from 10°C to 60°C)
- CE Certificate
- Quality and reliability
- Polarity change every 2 hours

Technical data

code 78775

Input power

230V 50 Hz

For pool max.

70 m³

Chlorine output

15 g/h

Salinity range

2700 - 3400 ppm

Cell body material

ABS, UV resistance

Electrodes

Titanium

Connection

32/38 mm

Cell cable length

4,5 m
